The Jordan-Israel Mission was sent from October 31 to November 12. It was an especially blessed mission when we saw many rainbows which mean the confirmation of God's promise and blessings. A special praising band was formed and visited a local church. We also advanced our mission work in various areas.

Responding to the calling for a praising band and winning a victory in Revival

As they began to sing and praise, the Lord set ambushes against the men of Ammon and Moab and Mount Seir who were invading Judah, and they were defeated. (2 Chronicles 20:22)

It was during the mission to Israel 2004 when God told us to make the month of November the beginning of the year for our church. November is the month when we send a mission to Israel every year. We Christians are spiritual Israelis, and spiritual Israel is a symbol of the kingdom of God. The place where Jesus started to evangelize was neither in Bethlehem where He was born nor in Nazareth where He was brought up, but in Galilee. The Great Commission which started the world-wide evangelization in full swing was given not in Jerusalem where Jesus was put on the cross and came back to life, but on Mt. Arbel. Galilee is the place where Jesus is especially attached and has a special spiritual meaning. Last year's new-year Scripture verse was from 2 Chronicles 20:15. As we obey the Lord, the work of internet has advanced drastically. We have seen a fast development of the establishment of an orphanage in Japan. During the mission to Patmos and the camp in Hakuba last summer, the Lord told us that our mission work entered the second phase, and a new type of mission work started in the concrete sending a mission team in Zambia in September and another to Malaysia in October.

The new-year Scripture verse of this year is from 2 Chronicles 20:22. When the people of Israel started to sing and praise God, He fought for them and the victory promised to them was revealed. The mission of the praising band God appointed was to obey Him and sing and praise Him in the battlefield. If we choose to become a part of God's praising band, stand firm on that mission and keep on singing and praising Him, the battle will become God's. We have God's promise about the overwhelming victory in the coming Revival.

Team to Malaysia

■ Naomi Takahashi (Pastor, TLCCC Tokyo Antioch Church / Mission staff)

Praise the name of the Lord! Thank you very much for your intercessory prayers with fasting. A mission consisting of 9 people, including one living in Malaysia was sent to Malaysia from October 10th to the 15th. This was our first official mission to Malaysia. Spiritual warfare was fought and we went to various places to praise the Lord as a praising team. We had meetings in Kuching and Kuala Lumpur. It was an important mission following the mission to Zambia, after God told us that we would enter the second stage of overseas mission.

On the first day, we stayed in Kuala Lumpur and flew to Kuching the next day. We praised the Lord and placed the Word of God at 7 places. Prophecy was spoken beforehand that as one praising team all the members would praise in many places. The doors of two places among seven were opened miraculously. One of them was at the immigration office. There is usually a man in each elevator who presses button for people. However, the man instructed us by gesture to go up by ourselves. So we could go up to the highest 17th floor, where there was one big spacious hall and from the window we had a good view of the town. We praised the Lord and placed the Word of God there. In the middle of the praise, I heard some noise behind me. When I looked back, one of our members was being questioned by two armed soldiers. I thought that we could not worship the Lord if I would also become involved with them, so I gave her a gesture to keep them busy for some more time and I myself concentrated to worship the Lord. The Lord has miraculously led us to a place, where only the government's important people could go and ordinary people could not. Moreover, we could finish worshipping the Lord without being interrupted. On the next day, we went to important places of Islam, Hinduism, and Buddhism to place the Word of God. In all three places we could finish worshipping the Lord without any interruption. We saw God's victory for the church establishment.

After that, we gave praise to the Lord at four places. At one place people were singing on a stage in an event. When we told them that we wanted to sing, too, they said only Malay language songs are allowed. After we negotiated a few times, they said it was O.K. to sing one or two songs in Japanese. So we could sing two songs. Members who sang "Jerusalem" later said they were scared of the outcome, but after singing, we were praised by the organizer and received souvenirs. Other than that, we praised the Lord at a department store and in front of a Christian book store. We felt that the Lord touched people, because some of them were crying. In the meeting in Kuching, where two local people gathered, God made his presence known deeply.

On the third day, we went to important places of Islam in Kuala Lumpur and placed the Word of God. In the meeting at night, we received message about drastic progress of Southeast Asia mission and more. On the fourth day, we went to important places in Malacca and placed the Word of God. We could praise and worship the Lord at the ruins of church from where Francis Xavier started his Asia and Japan mission. Through this mission the Lord has spoken to us that God's work will progress in the whole of Southeast Asia and Islamic countries in the 2nd stage of oversea mission work of God. We also confirmed that the Lord will lead His work in establishing a church in Malaysia. We give thanks to the Lord who led this mission.

Team to Jordan and Israel

2011.10.31 ~ 2011.11.12

■ Ryoko Kobayashi (Pastor, TLCCC Tokyo Antioch Church / Mission staff)

Thank you for your prayers. I joined the team to Jordan and Israel from Monday, October 31 to Saturday, November 12. Since it was my first time to go to Jordan, I was looking forward to seeing what the Lord wanted me to see, and listening to what He wanted to speak to me in Jordan. We crossed the Israel / Jordan border in the northern part of Israel by bus to enter Jordan, and drove southward to the Dead Sea. On the way, although it is only natural, I was impressed that Israel was just near us beyond the border. As our guide explained to us, "You can see Jericho over there," and "That is Jerusalem over there," we could see them in a little distance on our right-hand side. I found them close to us as if we were in Tokyo and they were located in Chiba prefecture in Japan. Because I belong to the Israeli Department of the Water Flowing From The Sanctuary Mission, I pray for the work in areas that God intended to give the people of Israel in the Old Testament. I truly felt by going to Jordan this time that this land is also an area which is written in the Bible and the Lord loves it. I expect for the Lord's work to begin in this country.

After we stayed in Jordan for two nights, we entered Eilat City in Israel by land, and drove toward the Sea of Galilee. While I was praying on the bus, I thought again that Jesus had been here about two thousand years before, started to preach the gospel, and He would return here shortly. I strongly thought of the Lord's word to our flock saying that He would expand works of missions in the whole world simultaneously as He expands His work in Israel. I want to continue to pray for upcoming missions works and serve Him as a part of our flock. When I prayed and read the Bible by the Sea of Galilee, God strongly spoke to me through Judges 20: 22 which says, "...again took up their positions." I felt that God spoke to me to straighten myself up and prepare for His work again. The next day in our New Year service by the Sea of Galilee, God gave us a scripture for this year, the

second Chronicles 20:22 which says, "As they began to sing and praise..." He spoke to us through this verse to believe that He had given us victory, and received it, and practice rejoicing and praising Him.

While we were in Israel, there was a small group of us who went to Haifa, Nahariya, and Akko, etc., and had a time of worship in each place. What especially impressed me was an incident that happened at the Israel / Lebanon border in Nahariya. When we were singing a praise song, "Lift up your head, O you gates," (the words of this song are Psalm 24) just in front of a wire netting fence at the border where Lebanon was just beyond there, a soldier of the United Nation who controlled the border said to us, "Ladies and gentlemen, please move aside as some vehicles will go through." When we moved aside, the fence was opened, and cars and trucks of the United Nation passed through and entered into Lebanon. I felt that the Lord spoke to us that He would open a door for works in Lebanon because this happened when we were singing, "Be lifted up, you ancient doors, that the King of glory may come in." I expect His work.

The days when we had a time of worship in various places happened to be holidays of the Arab people. Wherever we went, the places were crowded with a lot of Arab families. I thought that it was not an accident that we saw so many Arab people. God confirmed that it was from Him through prophecy He spoke to me during our worship in a park in

Akko. It said that there was a meaning in the fact that we saw many Arab people. I believe that works for the Arab people will also begin.

Our team consisted of 80 persons including a 1-year-old infant and those who are in their eighties. God protected all of us from serious diseases, injury, and accidents. There were many times when I felt that were really prayed for. I am truly thankful for your prayers.

Please join us as a mission partner!

We, The Water Flowing From The Sanctuary Mission, would like to invite you to join our world missins work as a mission partner who support our work with prayers and monthly offerings in multiples of 1,000 Japanese yen or US\$10 units. Our missionaries presently minister in the United States of America (New York, Los Angels, Hawaii, Denver, Chicago, and San Diego), and Brazil (Aracatuba). God speaks to us that He will continually establish churches in the five continents of the world toward revival. To support this work, we need more prayers and financial support. If you have a burden, please get involved in God's work as a mission partner. For registration, we would be happy if you could contact our Tokyo Head Office by telephone, fax, or e-mail.

Please pray for health insurance joining of missionaries in North America

We really appreciate your donation for the health insurance fee of our missionaries to North America. Next to Pastor Sasaki, monthly necessary fee for Pastor Shaw has begun to be filled. Please continue to support these two people. We would also like to ask you to pray and donate for the health insurance fee of Pastor Duncan of TLCCC Pillars of Praise Church in San Diego. Thank you for your prayers and support.

(Pastor, TLCCC New York Church)

Hallelujah, Praise the Lord. I heartily appreciate your intercessory prayers and offerings to support us.

Considerable snow fell at the end of October, and many trees whose leaves began to turn red fell down because the snow was piled on those leafy trees.

Also, the county next to us suffered outage for a couple of days due to that snow. In addition, the protest demonstration against the economic disparity which started in Wall Street in mid-September has spread over the cities of U.S. and it is still going on in NY.

The first Sunday of October is a global prayer movement day to pray for the peace of Jerusalem, and we appeared Gospel live TV program on that theme sponsored by Tokyo Antioch Church by Skype together with some people from the countries of five different continents. I appreciate this opportunity to join in the blessing of praying together for Jerusalem.

The family who have had difficulty have been attending our church for a year and half, and they not only have had their problems solved but God has given them blessing by performing wonderful work on them. I praise the Lord for that.

In addition, a sister in Christ of the Korean Presbyterian Church where we rent for a worship place

told us that she'd like to introduce our church to a Japanese lady who believes the existence of God but is not saved yet. We were told by the Lord that we entered the second stage of evangelistic mission in July; we have just greeted the new year of the church in November. In such time like this I'd appreciate it if you would pray so that we can faithfully pray and obey God and that people of His will be gathered to our church.

Hallelujah! Praise the name of the Lord. I sincerely appreciate your prayers and precious offerings. In 1985, The Lord's Cross Christian Center (TLCCC) began as a seminary in central Tokyo. Later, TLCCC was renamed as "The Lord's Cross Seminary" as it continued to operate in Tokyo and expand into other cities in Japan and nations. I am happy to inform you that today we

have two new fall students enrolled in The Lord's Cross Christian Center Seminary in Los Angeles. God has been moving powerfully both in church and in my personal life in ways that I am grateful for. On October 17th, I was able to visit my mother in Japan for four days to pray for her healing and spend time with family and relatives. On the way back to Los Angeles, I was also able to give a Bible tract to my friend at the Haneda Airport. I appreciated the opportunity to share Good News with my friend and also give her information about TLCCC Tokyo Antioch Church. After a blessed trip to Japan, I am thankful to be back in Los Angeles. Once a month, Mr. S has kindly been helping our media

team to record and film Missionary Han's message during our Japanese service. It has been a blessing that we have been able to upload the videos onto our homepage each month. I am praying and preparing to do God's will for the second stage of overseas mission work. Please continue to pray for God's work through our church in Los Angeles as well as for complete healing for my mother. Thank you very much for your prayers again. God bless!

2. For the vessels of the Lord to be gathered.

(Pastor, TLCCC Denver Church)

Praise the wonderful name of the Lord! Thank you very much for your intercessory prayers and precious offerings. We had heavy snow on October 25th and 26th. A day before 25th it was 25 C degree, so it was like changing from Summer to Winter in a very short

time. It will be a long winter. We held a Sushi cooking class in September and Korean cooking class in October. 15 people gathered together, and we all had good time. I thought that the cooking classes organized by church would not have many people to join, but we had more people than I thought. Also we had instructors for free of charge. The cooking classes are not direct evangelistic thing, but a chance to let people know about our church and to have fun photo of our church fellowship activities on our website. I think that it will show how much fun we had at our church activities.

<Prayer Requests>

1. For thoroughly listening to and obeying God's voice
2. For increased attendants for service and workers for church (Especially workers for CS)
3. For a new place of Sunday worship service according to God's will

Hallelujah!

Praise the name of the Lord. I truly thank God you for prayers and precious offerings.

Our annual mission trip to Jordan and Israel has been sent out. I was able to attend this time, but thank God for the work of internet. I am getting same blessing even where I am staying.

I am praying to God to give me a word for coming new years. Also I am praying for God to open up door for Pastor Approval of Akimoto's missionary visa. So, we can have him again.

This is personal thing; my hour at work has been

cut. I am working for same company last 6 years, but, this is my first experience. But, I repent and start thanking God for this situation. Soon God gave me part time job and I start going to school and gave me reunion with one of my friend who stop coming to church.

I still don't know what will happen about my status at work. But, I am for sure that God will make everything good.

Lastly, let me share with you how my daughter is doing lately. When we went to Japan for this summer. Eshurun ask me that she want to get straight hair. Now, we are home. She starts asking me that she want to get blond hair. I never she elementary school kids dying their hair.

I got her wig. But she is not giving up. Lord, I don't know what to do. Help!!

<Prayer Requests>

1. For praying, listening and obeying, and for giving thanks
2. For a new worship place

■ Ribekah Shaw

(Pastor, TLCCC Joy of the Lord Church in Chicago)

Praise the name of the Lord Jesus. I thank you from my heart for supporting me with intercessory prayers and offerings. It is the end of the church year and I have been giving thanksgiving to the Lord Jesus for the year and I am waiting to receive guidance from God for the coming year. I am also waiting to hear what God would speak through the team who went to Jordan and Israel. I thank you for praying for my daughter's family and I wrote that because of the prayer they were given a part-time position to serve the Lord Jesus last month. They received a word that the church is thinking making the part-time to full-time and they will discuss about it at the end of the December church meeting. I will be very happy if you pray for them; they can have the full-time position to serve the Lord Jesus if it is God's

will. I have been praying to meet someone whom God is sending to me by His wonder since I do not see any Orientals around where I am. Since our church moved to a new place and we wish to have new people to join us and we put signs at Oriental food stores. At the present we have worship service in English on Sundays and in Japanese on Thursday service. There are so many different language speaking peoples in the city so I pray to have interpreters. This is the time to proceed the evangelizing and I eagerly pray to have the servants of the Lord for piano player, praise leaders and IT specialists.

<Prayer Requests>

1. To pray to do His will. To be obedient to the will of God.
2. Those who are in His will to serve Him through playing piano, praise leaders, IT specialists, and interpreters.
3. To keep the promises of God in faith.
4. To have a connection with those who are in His will.
5. For God to reveal Himself through salvation and

freeing them from bondage using the gifts.

6. My daughter's husband to receive the place to serve Him.

7. To receive healing and be blessed in health. For salvation for my family(mother, sister and brother).

(Pastor, TLCCC Sao Paulo / Rio de Janeiro Church)

Praise the name of the Lord! I'm truly thankful for your intercessory prayers and precious offerings.

I asked more evangelical tracts in Japanese and received them by mail. I pray and hand them to Japanese Brazilians. They are descen-

dants of Japanese emigrants, but only the elderly people can read and understand Japanese. Most of the younger generation doesn't speak Japanese at all or can speak a little but unable to read. Even with the experience of working in Japan for more than 10 years and speaking perfect Japanese, the majority of them is not good at reading it. With this reality, I'm praying to hand the tracts to the people the Lord leads and to be used for salvation.

Now we sing the Portuguese version of my original praise song which were taken in our new songbook "Yasuragi no Uta Vol.11." In our praising on the street, I got an idea of preparing small handouts for passersby to take freely. And I prayed for that. Last Saturday, on my way home from the praise on the street, I found something exactly what I had been looking for at a new Christian Bookstore. They are bookmark sized tracts and 100 pieces for 1.5 reais (about 65 yen). I also found "Prison to Praise" by Merlin Carothers in Portuguese. I couldn't find the book at a different book-

store, and I was praying and asking for it. May these tools will be fully used for evangelization in Japanese and Portuguese. Please pray also for my improving Portuguese skills.

<Prayer Requests>

1. To give thanks for everything and obey the Lord faithfully
2. To discern spiritual matters correctly
3. For the web site
4. For the power of God to be revealed in our praise and worship
5. For the gifts of the Holy Spirit
6. For learning Spanish and Portuguese
7. For my health and protection from danger
8. For the salvation of my family(my parents and sister)

(TLCCC Sao Paulo / Rio de Janeiro Church)

I praise the name of the Lord! Thank you for your precious intercessory prayers and offerings.

In my previous report I asked you to pray for the healing of my index and middle fingers of my right hand. They were completely healed! I sincerely appreciate your intercessory prayers and I give all the glory to the Lord who healed me.

I enjoy distributing the evangelical tracts "The Search". The sunlight is strong here in Brazil, and I need to protect myself when I go out in daytime. I always pray for the weather before leaving, and I became to realize that all of my little prayers had been answered. Then one day I prayed for the weather in detail. "Please let the clouds cover the sun and give a cool breeze." It was sunny and there were no clouds when I left home, but the clouds began appearing little by little and a cool breeze started to blow. It was the forth answer to my prayers about the weather during the distribution

of the tracts. I really felt the Lord was with me.

I called to Mrs. E who spoke to me in a McDonald's when I lived in Rio de Janeiro. She is a Brazilian housewife and a member of a protestant church. She used to live in Belem, Para State, a riversidecity in the Amazon. She told me that many Japanese Brazilians lived in the city and she remembered those old days when she saw me. She invited me to her house and we enjoyed our conversation. When I called her, her husband answered to the phone and told me that she was diagnosed with Parkinson's Disease and staying in her son's house. Please remember her and pray for her to be healed.

<Prayer Requests>

1. For my health, protection from danger, the salvation of my family in Japan (especially for the protection from the earthquake, because they live in Kanto area)
2. For the gifts of the Holy Spirit
3. For the work of Internet
4. For the ministry of praise
5. For the ministry in Sao Paulo and Rio de Janeiro
